Treasurer's Report to Annual General Meeting of the Parent Association of Aidanfield Christian School Incorporated 11th February 2020

Highlights from the Annual Accounts for the Year Ending 31st December 2019

- The fair held in March 2019 raised over $15,000 for the school – another fantastic effort from the fair team
- We raised another $3,600 from other fundraising efforts including the foil drive, disco, pies, entertainment book and a family photo shoot.
- We supported the school by funding a sandpit box and sun shade, a water blaster, emergency kit suppliers, a drying rack for the middle school, more benches, and a wet and dry vac.
- We built community and support our school by hosting events such as a picnic at Halswell quarry, and also supporting parents and staff with small gifts or morning tea on numerous occasions throughout the year.
- We spent $1,400 on Bibles for students. The Parent Association works with the school to provide every student from Year 5 and above with their own Bible for use in the classroom which they can then keep when they leave the school.
- A reminder that we have the scholarship fund available, more details will be coming out before the end of the term.
- We have built up some healthy reserves over the last couple of years. We have been in discussion with the school about a suitable project to spend the money on that will provide the most benefit to current and future students.
- At 31st December 2019 the total cash reserves of the association were $29,818, represented by:
    - Scholarship Fund $ 8,000
    - General funds $21,818
